DEPARTURE DAY

Into the jungle: camp, fishing and fire

We leave Manaus toward the southern Amazon. At the jungle lodge you get your canoe and equipment and a briefing on the forest, its environment and safety procedures. After lunch we set up camp, building a thatched roof with palm leaves, and make our first fishing gear. At night we go spear fishing and build a fire to cook dinner. Overnight in the jungle.

Hour by hour

07:00 — **Pick-up at your hotel or the airport**
Between 7:00 and 7:30, depending on where you are: hotel in the Manaus metropolitan area or Eduardo Gomes airport (MAO). The exact time comes on WhatsApp the day before.

08:00 — **Transfer to the speedboat**
We take you to the speedboat at Ceasa harbor. This is where the tour begins.

08:20 — **Meeting of the Waters**
The dark Rio Negro and the sandy Solimões run side by side for kilometers without mixing, giving birth to the Amazon River. Photo stop.

09:00 — **Careiro and the BR-319**
Landing in Careiro and transfer by road to the Mamori River, about 1 hour.

10:00 — **Jungle lodge: canoe and equipment**
Briefing on the jungle, its environment and safety procedures.

12:00 — **Lunch**

14:00 — **Setting up camp**
We build a thatched roof with palm leaves.

16:00 — **First fishing gear**
Made by hand with what the forest offers.

19:00 — **Night spear fishing and fire**
We light the fire and cook dinner with the catch.

Times are approximate. The guide adapts the schedule to the weather, the river level and the wildlife of the day.

Good to know

Climate
Hot and humid all year, usually between 24 and 33 °C, and rain can come at any time. Light clothes that dry fast work best.

River seasons
The water level changes a lot during the year. Your guide adapts routes and activities to the river, the weather and the wildlife of the day.

Luggage
Travel with a small backpack. Most hotels in Manaus store larger luggage while you are in the jungle.

Health
The yellow fever vaccine is recommended for the Amazon (at least 10 days before the trip). Check with your doctor or a travel clinic.

Connectivity
Expect little or no phone signal and no internet in the jungle. Let family know before you go.

Safety
Always follow the guide's instructions. Swimming only where the guide says it is safe.
